STAVES HEADING & HOOPS

OF EVERY DESCRIPTION

95 BROAD ST.

Dec. 3, 1896.

Gentlemen:

New York, N.Y.

I find that I have left at one of the mills about a carload of 28 1/2" millrun basswood staves. If you would like to have the car at \$6.00 per thousand and delivered to your station, I will ship it to you at that price providing it is unsold when I receive your order as I have also offered it to others.

Yours truly,

M. S. Daniels

## The Measure of Progress.

Though it is difficult to make converts to a new method, if it is an improvement on the old, converts, once made, cannot be turned back. It is so with the Comptometer.

One as familiar with the Comptometer as with the old way prefers the Comptometer every time; in fact, it is so much of an improvement on the old way of adding, multiplying and dividing as to be considered a necessity by those who have once used it. Will pay for itself over and over in any office.
