Columbus landing at San Salvador in the Bahamas in 1492. The scene is one day after that on the 1c value, now he has a full beard!

The Santa Maria, Columbus' flagship, was copied from an engraving by a Spanish historian-artist and is recognized to be an exact replica.

The entire fleet of Columbus was an imposing sight in 1492, but all three ships could be put on the deck of any modern-day luxury ocean liner.

Columbus, at the Court of Spain, begs Queen Isabella to finance his courageous trip to the Indies, by contributing her precious jewels.

Columbus is welcomed in Barcelona after his discovery of America. The greatest hero of his day, he was received with pomp and honor.

Though undermined by political foes, Columbus regained the favor of Queen Isabella when she learned the truth about the attacks on him.

As a gift, Columbus offered a group of American Indians to Isabella. The Indians were taken to the Cathedral where they were baptized.

AIR POST SPECIAL DELIVERY STAMPS

1934

1936

The most interesting fact about this issue is that it combines the fee for both regular air mail and special delivery. The Post Office Department hoped that people would increase their use of this de luxe service because of the convenience of using one stamp to pay for two services. The original blue color was not dramatic enough so a new variety in red and blue appeared in 1936. The "Great Seal" of the U.S. is featured.

REGISTRATION STAMP

1911

The purpose of registered mail is to have absolute proof of mailing and safe delivery of valuable items. The Registry System of the United States started in July 1855 and regular postage stamps were used for 56 years. In 1911 our one and only registration stamp was issued, it lived a mere two years, but registry service is still provided.

CERTIFIED MAIL STAMP

1955

Devised to publicize this inexpensive, legal, way to show proof of mailing and delivery of letters and documents without having to incur the steadily increasing costs of registry fees. Although the service remains, this special was discontinued in 1957.
