The introduction of these stamps followed the transfer of the manufacture of stamps from private contractors to the Treasury Department in July 1894. The Department was not prepared on this short notice to design and produce a newly designed set of stamps, so it was decided to add triangles in the upper corners of the issue of 1890.

## POSTAGE DUE ISSUES

1959 - 1985

This series of postage due stamps, replacing the issue of 1931-32, was released June 19, 1959, in connection with the annual convention of the American Topical Association being held in New York City June 19-21, 1959. In January 1978 the 11¢ and 13¢ values were added to correspond with the then current first class rates. The 17¢ stamp was added to the set in June 1985.

## SERIES OF 1926-27

Map of United States

By 1925, air-mail, under government sponsorship, became well established, and as an aid to civilian aviation Congress decided to place this service on a contract basis with private flying interests and established a new rate of 10¢ per ounce up to 1,000 miles, 15¢ up to 1,500 miles and 20¢ beyond this mileage. For this service, three stamps in the denominations called for above were issued during 1926-27 with the central design a relief map of the United States.

## LINDBERGH

1927

*Spirit of St. Louis*

Issued to commemorate Charles A. Lindbergh's historic non-stop solo flight from New York to Paris in the famous "Spirit of St. Louis" in May of 1927, this stamp was placed on sale June 19, 1927.

## BEACON

1928

*Airways Beacon*

This stamp, engraved in red and blue, represents the beacon light on Sherman Hill, in the Rocky Mountains, with a mail plane in flight at the left. It was first placed on sale July 25, 1928, the rate becoming effective on August 1st.

General acceptance of this faster method of mail service resulted in a heavy demand for air-mail stamps of the more cumbersome bi-color issue in favor of the speedier one color design. The issues above date from the 5¢ violet appeared by flat plate process, perforation 11 Feb. 10, 1930 and by rotary press. This same design was re-issued in 8¢ olive green color on September 26, 1932 to conform with the 8¢ Orange value of July 1, 1934. Both these values were produced by rotary press.

## GRAF ZEPPELIN CENTURY OF PROGRESS

1933

In conjunction with the Century of Progress Exposition in Chicago, Germany sent the Airship Graf Zeppelin as a messenger of good will. The ship carried special souvenir letters for which this 50¢ stamp was issued on Oct. 2, 1933.

## LA SALLE

1982

La Salle claims Louisiana, 1682

This card, issued April 7, 1982, marks the 300th anniversary of the claiming of Louisiana in 1682 by Rene Robert Cavelier, Sieur de la Salle. The Louisiana Territory was subsequently sold to the U. S. by the Emperor Napoleon in 1803; the size of the U. S. was thus doubled.
