My Dear Dad,  
 This is a card I got sent for the shop, it is selling well in this State, things are very bad here just now owing to the Drought. The war does not affect us much just at present, but no doubt we shall feel it later. However we keep going. I suppose you know we have captured a bit more of the Germans country round the North of Australia, they wont have much left presently. Hope you are in good trim, we here see A.I. in health, and hope soon to be able to report better business. Kit has told you all the news
