Dear Friend - I love the  
traded color cards so  
much - they are even  
greater than formerly.  
I put narrow frames  
about them & they are  
the brightest things in  
a room! Long not achin  
edging them - had an  
envelope addressed to you  
to send letters & haven't found  
it in desk so am only sending  
card to let you know why I  
think of you & how much I  
was lovely of you to send to me.

There are 350 trees planted 90 years ago, are the Royal Palm, Palau olive soap is made from the berries that grow on the tree.
