WORLD'S FAIR

1933 - 1934

Locomotive No. 5320, "President Cleveland," of the Baltimore and Ohio, which heads the railroad's Air-Conditioned train exhibited at A Century of Progress, Chicago, 1934
Completed in B. & O. Shops, Baltimore, October, 1929. Tractive power, 50,000 pounds. Drivers, 80-inch. Water tube firebox, 503 square feet of heating surface. Total weight of engine and tender, 569,500 pounds. Large drivers, low running board and concealment of piping and light machinery give the President Cleveland a striking appearance. Up until April 30, this locomotive had run more than 420,000 miles

Treasure Island on San Francisco Bay

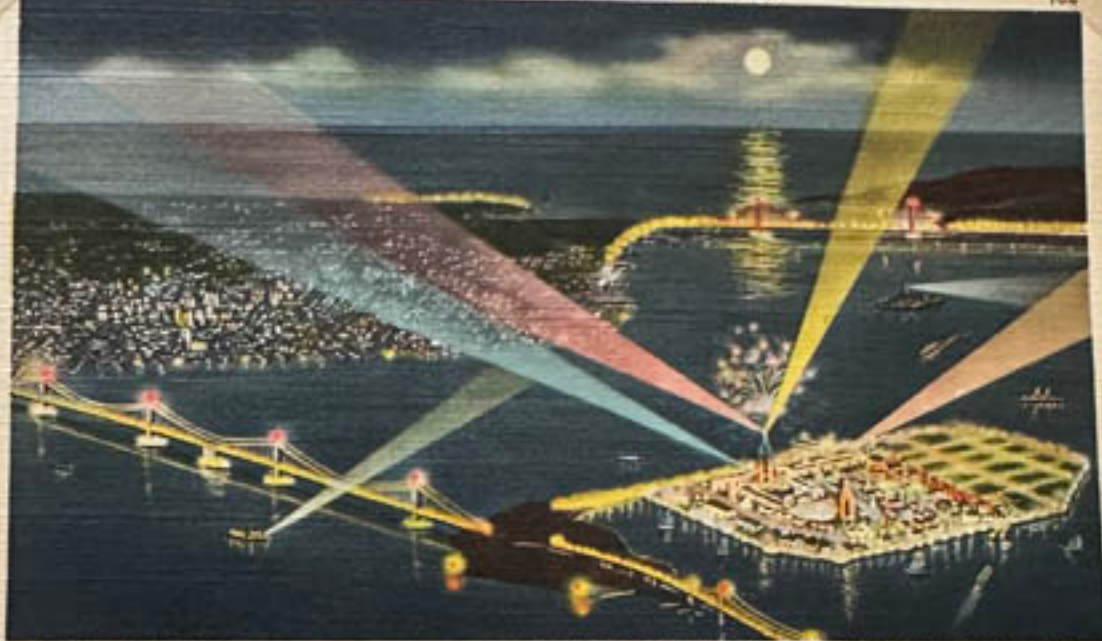

Dear Friend - The people of the Western States have asked me to extend you an invitation to visit their World's Fair on San Francisco Bay in 1939. Next year this Empire of the West will add to the attractions that draw thousands of travelers each year, a Fair that will express the charm and glamour not only of this region but of the nations of the Pacific. The Orient, South Seas, Australia, and the Latin Americas are joining us in a vast Pageant of the Pacific to be shown on 400-acre Treasure Island in San Francisco Bay. These countries are joining with us a Fair that will dramatize the scenery, culture, and recreation of the world's most glamorous nations. In 1939 the Golden Gate International Exposition will be ready, so that you, traveling through the Western Wonderland, may make your destination the Treasure Island that will hold for you the romantic story of the western world.

Leland W. Cutler

PRESIDENT, 1939 Golden Gate International Exposition
